Built-in 9 Language Commands
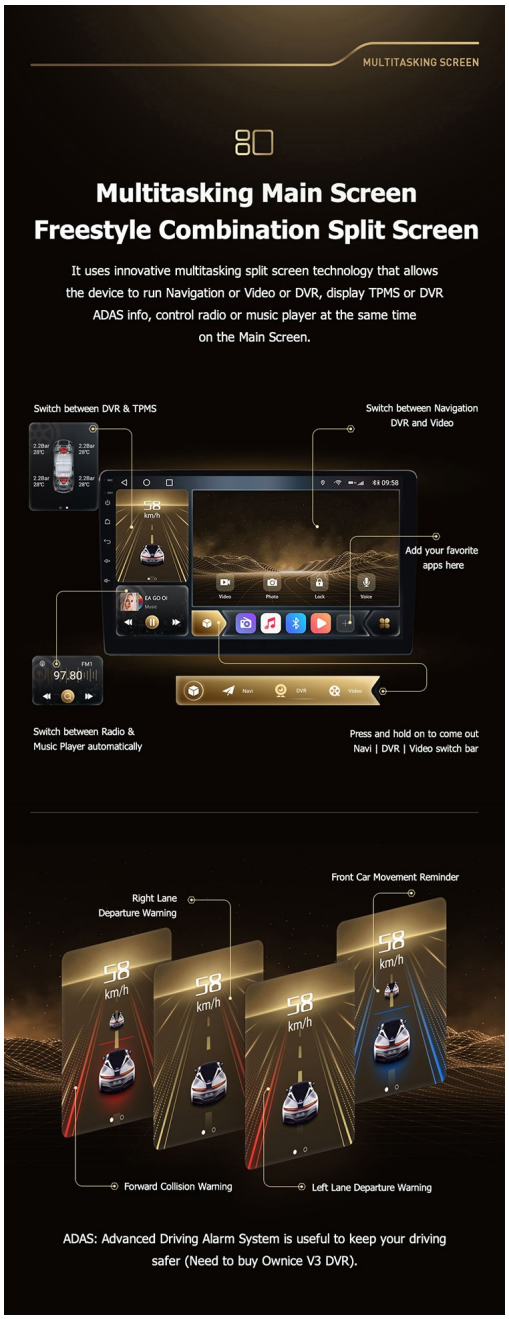
Hands-Free to Ensure Driving Safety

USB QUICK-CHARGER
USB Quick Charger
Available for Phone Charger
For the first time the device supports USB-port fast charging technology, but please note only one of the three USB ports supports mobile phone fast charging.
(Please don't connect TPMS/DVR on that USB port)

4G LTE NETWORK
Built-in 4G LTE & 5G WiFi
Freely Internet Surfing
With the built-in 4G LTE & 5G WiFi, the device can surf internet freely. By inserting a SIM card, you can also use the device as a hotspot to connect other WiFi enabled devices too
(smart phone, PC, tablet PC...)
Good News: This device can make phone calls if the SIM Card support VoLTE

CPU COOLING SYSTEM
CPU in Double Protection With Cooling Fan & Well-designed Heat Sink
With a cooling fan and the special designed heat sink, the CPU board is in double protection to keep at a lower temperature when on working.
In the picture, the heat dissipation plate for CPU board is separate from the main heat sink, which reduced the heat transfer between CPU and amplifier IC, it can protect the CPU at a lower temperature when playing audio and video programs.
Auto
Manual
CPU 52°C
In fact, a cooling fan is not necessary as the device uses a 12nm lowest power consumption chipset. But we still add a fan here to double-protect the CPU board since this device can run multi-functions at the same time.



MULTITASKING SCREEN
Multitasking Main Screen
Freestyle Combination Split Screen
It uses innovative multitasking split screen technology that allows the device to run Navigation or Video or DVR, display TPMS or DVR ADAS info, control radio or music player at the same time on the Main Screen.
Switch between DVR & TPMS
Switch between Navigation DVR and Video
Add your favorite apps here
Switch between Radio & Music Player automatically
Press and hold on to come out Navi | DVR | Video switch bar
Front Car Movement Reminder
Right Lane Departure Warning
Forward Collision Warning
Left Lane Departure Warning
ADAS: Advanced Driving Alarm System is useful to keep your driving safer (Need to buy Ownice V3 DVR).

6-CHANNEL DSP
DSP
Built-in DSP
6-Channel DSP Supports 6 Speakers
The built-in DSP (chip Rohm32107) improves the car audio system to a high-end, it is an absolute must if you are a music enthusiast and want to listen to music at a high-quality sound level, feels like the band is playing inside your car!
48 SEGMENT EQ
48 Segment EQ
48 Segment EQ adjustment: These help in fine-tuning the music of your car to your specific taste as well as the acoustics profile of your car.
DELAY SETTING
Time Alignment Setting
User can calibrate the time (delay or speed up) for each speaker, to ensure that their sound reaches the driver position at the same time. The end result is that you will be blown away by the realistic nature of the sound stage.
