C970: | Android 10.0 | 2.5D + IPS MONITOR

for Volkswagen/Skoda/Seat

C970

Integrated All Functions on The Market

A Revolutionary Navigation Device

4G

4G LTE Network
SIM Card Slot available
for freely internet surfing

DSP

Digital Sound Processor
48EQ + Audio Delay
to improve the sound quality

360°

360° Panorama Optional
Built-in 360° Camera
for easy and safe driving

8

8core CPU 1.8GHz
12nm ARM Cortex
A75*A2 + A55*A6

6+128G

Ram+Rom up to 6G+128G
3+32G | 4+64G | 6+128G
available for option

1280x720 IPS

1280x720 IPS Display
High Definition Display
at any viewing angle

80

Split Screen Multitasking
Freestyle Combination
Split Screen multi-tasking UI

Light

Ambient Light Control
Smart Control App
available for Ambient Light

USB

USB Quick-Charger
One USB Interface
supports quick-charger

HDMI

HDMI Output available
Support 1080P Video
Output through HDMI

Digital Audio

Digital Audio Output Support
Support Optical & Coaxial
lossless digital audio output

Support 2 Cameras

Support 2 Cameras
Support Front & Rear
view camera connected

VOICE CONTROL

Voice Control Optional Built-in 9 Language Commands

To make your hands free and ensure driving safety, we suggest you pay extra cost to buy the device with built-in 9-languages offline wake-up-free voice control commands.

Built-in 9 Language Commands

Hands-Free to Ensure Driving Safety

USB QUICK-CHARGER

USB Quick Charger Available for Phone Charger

For the first time the device supports USB-port fast charging technology, but please note only one of the three USB ports supports mobile phone fast charging.
(Please don't connect TPMS/DVR on that USB port)

4G LTE NETWORK

4G

Built-in 4G LTE & 5G WiFi
Freely Internet Surfing

With the built-in 4G LTE & 5G WiFi, the device can surf internet freely. By inserting a SIM card, you can also use the device as a hotspot to connect other WiFi enabled devices too (smart phone, PC, tablet PC...)

Good News: This device can make phone calls if the SIM Card support VoLTE

5 / 10

CPU COOLING SYSTEM

CPU in Double Protection With Cooling Fan & Well-designed Heat Sink

With a cooling fan and the special designed heat sink, the CPU board is in double protection to keep at a lower temperature when on working.

In the picture, the heat dissipation plate for CPU board is separate from the main heat sink, which reduced the heat transfer between CPU and amplifier IC, it can protect the CPU at a lower temperature when playing audio and video programs.

Auto Manual

CPU 52°C

In fact, a cooling fan is not necessary as the device uses a 12nm lowest power consumption chipset. But we still add a fan here to double-protect the CPU board since this device can run multi-functions at the same time.

6 / 10

MULTITASKING SCREEN

Multitasking Main Screen Freestyle Combination Split Screen

It uses innovative multitasking split screen technology that allows the device to run Navigation or Video or DVR, display TPMS or DVR ADAS info, control radio or music player at the same time on the Main Screen.

Switch between DVR & TPMS

Switch between Navigation DVR and Video

Add your favorite apps here

Switch between Radio & Music Player automatically

Press and hold on to come out
Navi | DVR | Video switch bar

Right Lane Departure Warning

Front Car Movement Reminder

Forward Collision Warning

Left Lane Departure Warning

ADAS: Advanced Driving Alarm System is useful to keep your driving safer (Need to buy Ownice V3 DVR).

1280*720 IPS

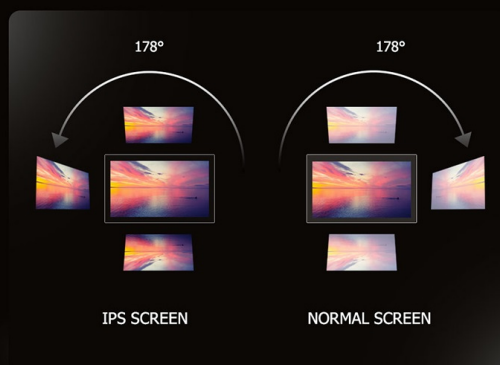

1280*720
IPS

1280*720 IPS Display Clear at Any Viewing Angle

The device uses 1280*720 IPS display, which makes it possible to enjoy viewing on a big screen without eye fatigue or discomfort from any angle. Catch every single crisp, clear and vibrant picture from expansive 178° viewing angle.

All Viewing Angle Display

6-CHANNEL DSP

DSP

Built-in DSP

6-Channel DSP Supports 6 Speakers

The built-in DSP (chip Rohm32107) improves the car audio system to a high-end. It is an absolute must if you are a music enthusiast and want to listen to music at a high-quality sound level, feels like the band is playing inside your car!

48 SEGMENT EQ

48 SEGMENT EQ

48 Segment EQ

48 Segment EQ adjustment. These help in fine-tuning the music of your car to your specific taste as well as the acoustic profile of your car.

DELAY SETTING

Time Alignment Setting

User can calibrate the time (delay or speed up) for each speaker, to ensure that their sound reaches the driver position at the same time. The end result is that you will be blown away by the realistic nature of the sound stage.

OPTICAL & COAXIAL

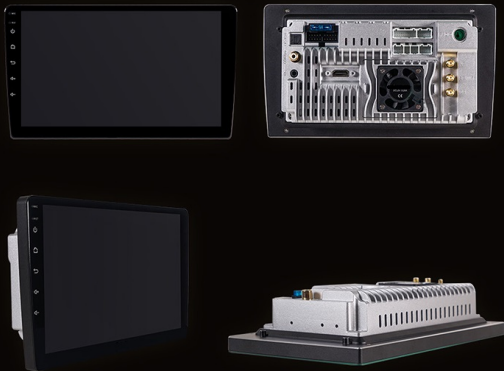

Optical and Coaxial Digital Audio Output

The device has Optical fiber and Coaxial output to reduce the noise floor and maximize the effect of transforming the sound, it is very useful for original cars with amplifier which support digital audio input
